

THE AMERICAN SOCIETY OF  
ORTHOPEDIC PROFESSIONALS

## Orthopedic Physician Extender Program for Athletic Training Programs

The ASOP OPE curriculum is a comprehensive educational program that enables the athletic training student the opportunity to demonstrate competency in select orthopedic related areas. A primary outcome of the ASOP OPE curriculum is to:

- (1) Further the career advancement for athletic trainers in orthopedics;
- (2) Deliver a challenging academic program that is competency- and evidenced-based.
- (3) Provide knowledge and skills that lead to potential candidacy for other value-added certifications as an Orthopedic Physician Extender, OPE.

### Program Highlights:
