

## **Pre-Zoom Workshop Requirements for Students**

1. All workshop students are required to be ASOP members.
2. Zoom students are required to have “patients” to cast.
3. To ensure a quality Zoom Casting Workshop experience, ASOP is requesting that all students watch the casting videos under the Education link on [asop.org](http://asop.org) and on the student download page at [castingworkshop.com](http://castingworkshop.com) prior to the zoom. Students can practice these casts. Students will be receiving an email with links to materials they should review before the zoom.
4. All zoom workshop students are required to apply the cast being discussed on the zoom 20 minutes before the zoom. That cast will be critiqued by the moderator and then a new cast will be applied in front of the moderator.
