ROT Exam

The workshop can be used to meet the new practical requirement section of the **Registered Orthopedic Technologist Exam. See ASOP.org**

Curriculum

Saturday

Basic class for new and intermediate casters. Review of patient casting safety and cast room tools and equipment. Upper extremity casting to include "gumby" short & long arm, thumb spica. Molding and removal techniques. Alternative immobilization techniques

Sunday

Lower extremity casting to include short leg casting. Additional supervised practice time. Waterproof casting, Ulnar Gutter cast.

Includes the

The ROT, Registered Orthopedic Technologist Program

Completing the workshop and having six months experience working under the direction of an orthopedic surgeon makes the ASOP ROT certification the most accessible for allied professionals seeking to be nationally certified for their orthopedic knowledge and skills. No travel or expensive testing fees are required. The exam is free to all ASOP members. A two hundred-page online study guide is available to all new ASOP members to help them prepare for the exam. The new practical portion of the exam may be completed at the workshop.
